

1. Booster Programme.

Submit a one-off order for 475CV or more and receive a special company gift—95CV or more to spend on gifts.

By increasing your order, the bonus amount for gifts also increases:

for every 25CV that you increase your order, you receive 5CV to spend for gifts.

2. Big Booster Programme.

Receive gifts for 120CV or more*, with the conditions that you will achieve PGV, by placing an order for 600CV or more based on monthly results.

The larger your PGV amount is, the bigger the bonus amount for gifts becomes:

for every 25CV that you increase your PGV, you receive 5CV for gifts.
