

Vision Markting Plan.

Revenue base of distributors is established in the marketing plan, which is recognized as one of the simplest and effective in a global network marketing. Marketing plan allows you to:

- achieving income from the first month of work,
- dynamic structure of the distributors,
- creating a foundation for secure and stable business.

In Vision company one marketing plan for all distributors is valid - Professional Marketing Plan.

According to this scheme, Vision pays 5% commission on the amount of trade in goods for distributors at first and second level and 10% commission on the amount of trade in goods for distributors at third, fourth and fifth levels.

However, when on the the first five levels of a network are the distributors, whose sponsor is working according to the Green Wave scheme, the amount of trade in goods will be charged 5% commission.
